Safwan Islam Nabeel

Dammam, Saudi Arabia | safwanxnabeel@outlook.com | LinkedIn | GitHub | Google Scholar

Education

Imam Abdulrahman bin Faisal University (IAU)
BSc in Computer Information Systems – 2nd Honors
Class Rank: 2nd/65

Publications

- **TWASEL: Adaptive Multi-Stream Pose Fusion for Continuous Sign Language Recognition** , Sadam Al-Azani, **Safwan Nabeel**, Qasim Al Mahfood, Mohanad Mohamed, *IEEE/CVF Conference on Computer Vision and Pattern Recognition Workshops (CVPRW)*, 2026, pp. 10473–10480.
- **Anonymized but Not Anonymous: Multi-Cue Identity Leakage in Privacy-Preserving Action Recognition** *(Accepted at ACCV 2026, Osaka, December 14–18, 2026)*, **Safwan Nabeel**, Farah AlShiha, Muzammil Behzad.
- **Are Crowd Counts Reliable? Post-Hoc Reliability Assessment for Crowd Counting Under Dataset Shift** *(Under Review at International Journal of Computer Vision)*, **Safwan Nabeel**, Sadam AlAzani, Muhammad Jabbar.

Professional Experience

Jr ML Developer, BestCircle AI (Dhahran Techno Valley), Dhahran, Saudi Arabia — Sep 2025 – Present

- Developed and deployed automated review systems for industrial clients that extract data from engineering documents with OCR, validate it against predefined engineering standards, inspect engineering images with computer vision and generate review reports, cutting document review from approximately two days to under 10 minutes.
- Built anomaly detection models that flag early signs of leaks in oil and gas pipelines, along with predictive maintenance models for light-industry equipment, to catch faults early and reduce unplanned downtime.

Teaching Assistant (Contract), KAUST Academy (Thuwal, Saudi Arabia) — July 2026 – August 2026

- **SRSI, Jul 2026 – Aug 2026:** Mentored students on AI research projects, including problem formulation, model development, experimentation, and technical communication.
- **AI Specialization, Jan 2026:** Supported students with machine learning concepts, technical exercises, implementation challenges, and applied AI assignments.

AI Trainee, KAUST (Thuwal, Saudi Arabia) — Jun 2025 – Aug 2025

- Completed an intensive AI specialization and conducted research covering natural language processing, reinforcement learning, and deep unsupervised learning. Selected in the top 1% (100 of 10,000+ applicants).

JRCAI Research Intern, KFUPM (Dhahran, Saudi Arabia) — Jun 2024 – Aug 2024

- Worked on improving crowd estimation models using CNN and Vision Transformer architectures.

Projects

Real-Time Video-to-Text Summarization System

- Architected a training-free pipeline combining YOLOv11n object detection, the Florence-2-large vision-language model, and Cohere Command-R+ for intelligent frame selection and temporal aggregation.
- Implemented a dual-mode system with object-guided gating for live streaming, one-minute rolling summaries, batch processing, a FastAPI web interface, and comprehensive error handling.

Awards & Honors

- 2nd Place in CIS Major, Academic Excellence, IAU, 2025
- 2nd Place in GSR Hackathon, Global Student's Research Conference, KFUPM, 2025
- Best Poster Award, Undergraduate AI Projects Showcase, KFUPM, 2024
- 1st Place, Cybersecurity Category, Future Technologies, MCIT, 2024
- Top 10 Globally & People's Choice Award Winner, Secure IT Cup, Kaspersky, 2023

Skills

Machine Learning & Computer Vision: Neural Networks, CNNs, Vision Transformers, Image and Video Understanding, Anomaly Detection, Predictive Maintenance, Regression.

Programming & Tools: Python, Java, SQL, JavaScript, PHP, NumPy, Pandas, FastAPI, Git.

Security & Compliance: ISO/IEC 27001:2022 Lead Auditor , Junior Penetration Tester , Certified Digital Forensics Professional , ISC2 Certified in Cybersecurity , Vulnerability Assessment, Wireshark, Nmap, ISMS Auditing, Risk Management.

Languages: English (Fluent), Bengali (Native)
